I just did and spoke to both Will and Sona. Apparently something is drafted but they were awaiting comments/help from Rusty.

We need to produce a Naum fact sheet. I was under the impression that Will and his folks were working on one.

We had transition papers done, for Anaconda and Eureka, but that is it. Are we going to be developing one for Navajo AUM? We had some Congressional interest in mining sites this winter, but nothing that predominant.

I agree that it is redundant. Phil and Rusty: can you think of a similar
effort? If so, maybe you can shared with us the latest version so we can just
update it. Thanks. Angeles

I think this may be somewhat redundant with past paper collection efforts

**Subject: ACTION REQUIRED BY THURSDAY, MAY 4: FY 2018
Press Conference and Appropriations Committee Hearings – Call
for Fact Sheets**

Dear Colleagues,

In preparation for the Administrator's press conference and Congressional appropriations committee hearings on the FY 2018 budget, OCFO requested that Regional Comptrollers and National Program Manager (NPM) Senior Budget Officers (SBOs) coordinate the development of fact sheets for the Administrator. The date for the release of the FY 2018 Congressional Justification is May 22, 2017. Our deadline to submit fact sheets to OCFO is Thursday, May 8th, 2017. I would like to have everyone's draft sheets by **May 4th** to give Alexis and Deborah time to review.

Please use the attached template to develop fact sheets for any Region 9 topics that have received Congressional attention during the past year that you think the Administrator should be prepared to address. Also, I have asked Kelly to compile a list of issues that have come from Congressional offices during the past year. **NOTE:** OCFO would like fact sheets developed within this criteria:

- Limit fact sheets to one page in length and be written in plain language.
- Include only one topic/issue per fact sheet.
- Use brief, 2 or 3-bullet lists for talking points rather than lengthy paragraphs.
- Include resource information.

Realizing that you may receive requests for fact sheets on topics directly from your NPM, please discuss the fact sheets with Alexis and Deborah before they are submitted to the NPM. Since the NPMs may have different due dates, please provide Melissa Wong and me a copy of what you provide your NPM so that we can keep track of all Region 9 fact sheets. I will provide the fact sheets to Alexis and Deborah for their review.

Let me know if you have any questions.

Thank you,

Serena, 2-3515
